### General Notes:

1. Ranking points for each junior event (i.e. U13, U15, U18, Boys, and Girls) will be awarded separately to any other event.
2. Regardless of the number of tournaments played, only the **3 best performance tournaments (2 for Girls) per age division** will count towards the final year rankings. **Players who have not played 3 tournaments (2 for Girls), will not be ranked at all, unless the sum of their total points is equal to the number one position only.**
3. If equal rankings occur, players who have performed better in other tournaments will receive the higher ranking.
