General Notes:

1. Regardless of the number of tournaments played, only the **3 best performance tournaments** will count towards the final year rankings. **Players, who have not played 3 tournaments, will not be ranked at all, unless the sum of their total points is equal to the number one position only.**
2. If equal rankings occur, players who have performed better in other tournaments will receive the higher ranking.
3. Due to minimal tournament events in U21 divisions, selectors will use some Junior and Open tournaments results as well as U21 tournaments results to rank U21 players.
